ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

22nd EDITION (1969) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS"
AND OTHER AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOT ETHAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

Consignment B — New York

PROOF & SPECIMEN-STRIKE QUARTERS

This is a continuation of the remarkable collection starting in the last sale (consisting of 1/2c thru 10c). The next portion will be offered in our coming sale. We repeat the following from our last sale:

Special-struck or "Specimen-Strikes" are known since the beginning of U.S. coinage. They did the best they could to produce "Special" specimens with what facilities they had. These were produced for "Presentation Purposes" to heads of foreign governments (as in 1834 when the set included the 1804 dollar and eagle in proof) museums, "dignitaries" and a very few collectors. While some resembled the later proofs struck in the late 1850's and 1860's, others were not as well made. Some were "one-sided proofs" and others were struck from regular dies which had been polished and regular planchets which had been selected as the best of the normal supply. The one thing in common that these had was that special care was given in their manufacture and that they were intended for special purposes. Since very little is known about the exact number struck and quality of each prior to 1858, it is difficult to have leading authorities agree what is a "proof", "specimen-strike", or "presentation-piece". This collection, assembled individually by a serious student, represents his ideas. We have added our own observations (where pertinent) based on our thirty-five years as professional numismatists.

|---|----------|
| <p>263. 1806 "SPECIMEN-STRIKE" WITH FULL SHARP HAIR ON BUST, SHARP COMPLETE BEADING BOTH SIDES, PROOFLIKE SURFACE, BRILLIANT SLIGHTLY GOLDEN. While the eagle's head and neck are much sharper than generally seen, they are not fully struck up (also that portion of ribbon containing motto that crosses neck) two clouds a trifle shallow. Possibly caused by the dies being slightly dished when struck. VERY RARE SO CHOICE! In plastic and acquired as a "Proof" but we dislike using the word "Proof" for a coin of this nature. Valued by owner at \$2,500; we believe a more realistic value would be around</p> | 2,000.00 |
|---|----------|

- | | |
|--|----------|
| <p>264. 1820 B-1, LARGE O, GLITTERING BLUE AND GOLDEN GEM PROOF! A NEEDLE-SHARP PERFECT COIN! NEED WE USE ANY MORE ADJECTIVES? EASILY WORTH OVER</p> | 2,500.00 |
|--|----------|

- | | | |
|------|--|----------|
| 265. | 1821 "Specimen-Strike", VERY SHARP STRIKE with Glitternig Bluish Golden Patina. A lovely coin indeed. | 900.00 |
| 266. | 1822 GLITTERING BLUE & GOLDEN PROOF, "From Miller Sale by B. Max Mehl 11/16/19" on envelope. A lovely coin but not quite the equal of the fantastic 1820 (lot 264). | 1,500.00 |

- | |
|--|
| <p>267. 1822 25 OVER 50C., in Kosoff envelope marked "PROOF, THE FINEST KNOWN". It is indeed a lovely specimen with blue and golden patina. ONLY ABOUT 10 TO 11 SPECIMENS SAID TO BE KNOWN IN ALL CONDITIONS! Surely this GREAT RARITY IN REMARKABLE CONDITION WORTH 5,000.00. We note this rarity appears as infrequently as the 1823/22 and the 1827 dates! Possibly, THE MOST UNDERVALUED QUARTER OF THE ENTIRE SERIES!</p> |
|--|

268. 1825 OVER 23, "Specimen-Strike", SHARP-STRIKE, PROOFLIKE with lovely bluish golden patina. Acquired as a "Proof" (which it appears to be at first glance) but it does not meet quite all the criteria of a full proof. 750.00
269. 1828 "Specimen-Strike", SHARP-STRIKE, slightly Prooflike, golden patina, close examination reveals barest rubbing on high points. Acquired as "Brill, unc. Some Proof Finish". Probably worth 350.00
270. 1828 PERFECT GLITTERING BLUISH GOLDEN GEM PROOF! In an old Wayte Raymond, New York envelope marked "Lot 601 1828 1/4D Proof 50.00", also an same envelope "5/61 1,000.00" and "1964 \$1,750.00". Evidently this FANTASTIC NEEDLE-SHARP GEM paid "excellent dividends, both pleasure-wise and dollar-wise", and we cannot see any reason for not continuing to do so in the future. Probably now worth in the neighborhood of 3,000.00
271. 1831 SMALL LETTERS, GLITTERING BLUE AND GOLDEN PROOF WITH FANTASTIC WIRE EDGE (so high and sharp it could easily cut a finger)! ONLY YEAR OF TYPE (small letters — which reverse was changed to Large Letters later in same year). A lovely specimen free from all defects (nicks, rubs, scratches, etc.)! Envelope marked "5/61 1,000.00" and "1964 \$1,500.00". Probably now worth in the neighborhood of 2,500.00
272. 1831 SMALL LETTERS, "Specimen-Strike", Brilliant slightly golden PROOFLIKE GEM! Acquired as a "Proof" (it does meet some of the criteria of a proof) but comparison of this remarkable specimen with the above coin reveals the difference. 1,000.00
273. 1831 SMALL LETTERS, UNCIRCULATED GEM with pleasing patina! We believe this to be a "business-strike" of exceptional quality. Very rare in its own right (those collecting types and dates readily appreciate the true rarity in this condition). This trio is a most unusual opportunity (we cannot recall any similar opportunity in all our thirty-five years as professional numismatists) to obtain a date in all three categories. 500.00
274. 1831 LARGE LETTERS, "Specimen-Strike", RAISED EDGES, PROOFLIKE SURFACE, Brilliant slightly golden. We believe the obverse die had been used in "business-strikes" and when a special order for a "Presentation-Set" was received late in the year, the mint polished a regular obverse die (left stars a bit shallow), polished the planchet, and struck this coin. 750.00
275. 1832 "Specimen-Strike" VERY SHARP STRIKE, PROOFLIKE with bluish golden patina. 750.00
276. 1833 "Specimen-Strike", VERY SHARP STRIKE, Prooflike bluish golden patina. 500.00
277. 1834 GLITTERING BLUISH GOLDEN PROOF, VERY SHARP STRIKE! 1,500.00
278. 1834 "Specimen-Strike", SHARP STRIKE, Prooflike patina. 500.00
279. 1835 GLITTERING BLUE & GOLDEN PROOF! 1,500.00
280. 1836 "Specimen-Strike", SHARP STRIKE, Prooflike, lovely patina, pinpoint nick. 500.00
281. 1837 "Specimen-Strike", SHARP STRIKE, Prooflike patina. 500.00
282. 1838 BUST, GLITTERING GOLDEN BLUISH PROOF, VERY SHARP STRIKE! 1,500.00
283. 1839 SEATED LIBERTY, NO DRAPERY, "Specimen-Strike", HIGH WIRE EDGE, Prooflike patina. 500.00
284. 1840 WITH DRAPERY, GLITTERING PROOF WITH PLEASING PATINA! 1,000.00
285. 1841 GLITTERING BLUISH GOLDEN PROOF, TWO PINPOINT NICKS KEEP US FROM CALLING IT A "GEM". VERY RARE! 1,000.00
286. 1841 "Specimen-Strike", SHARP STRIKE with blue PROOFLIKE surface. 500.00
287. 1842 Large Date, "Specimen-Strike", SHARP STRIKE with PROOFLIKE surface, lovely patina. 500.00
288. 1842-O Large Date, SHARP STRIKE WITH GLITTERING GOLDEN PROOF SURFACE! Acquired as a "Proof". VERY RARE! Valued by owner at 1,000.00
289. 1843 GLITTERING BLUE & GOLDEN PROOF! Acquired from a 1957 Stack's Auction. Easily worth over 1,000.00
290. 1843 "Specimen-Strike", SHARP STRIKE, bluish Prooflike. 250.00
291. 1844 "Specimen-Strike", SHARP STRIKE, bluish Prooflike. 250.00

NATIONAL BANK NOTES — FIRST CHARTER PERIOD

TYPE I, ISSUED 1863-74, NO CHARTER NUMBER OVERPRINT. All bear the small red seal with rays and most have red serial numbers; a few have blue numbers (less than 1 to every three red numbers we have seen.) The \$1 and \$2 notes were first issued in 1865 while the higher denominations were first issued in December, 1863. A DIFFERENT STATE SEAL APPEARS ON NOTES FROM EACH STATE. Making a collection of a note from each state is increasing in popularity. We have noticed displays with large state maps and notes attached from various cities and states. There also seems to still be some collecting by signature combinations. We believe rarity ratings by states and by signatures is in need of revision. The strong demand for certain states has made available supplies of these states quite limited.

KING OF ERRORS "\$3" NOTE \$2/\$1 DOUBLE DENOMINATION

732	Lot 2223 of 1959 A.N.A. Convention sale described: "\$2 Obverse & \$1 Reverse 1899 Silver Certificate—Speelman & White, good-v.g.—everything legible. THE ONLY OTHER SPECIMEN OF THIS ITEM KNOWN WAS IN THE CELEBRATED "GRINNELL COLLECTION" WHERE IT WAS CALLED "PROBABLY UNIQUE". THIS NOTE IS NOW OFF THE MARKET AND IN A MUSEUM. WE BELIEVE THIS TO BE THE ONLY OTHER SPECIMEN AVAILABLE. Believe it now worth at least \$5,000.00". The owner bid-in this note at that sale at \$3,600.00. Now, 10 years later, this remarkable rarity could exceed	10,000.00
-----	--	-----------

ERROR "\$30" NOTE, \$10/\$20 DOUBLE-DENOMINATION

733.	Lot 2226 of 1959 A.N.A. Convention sale described: "\$10 Obverse & \$20 Reverse - SERIES 1882 National Bank Note - 1882-1908 On Rev. - Fr. No. 545 & No. 555 - FIRST NATIONAL BANK OF NORTHPORT, N. Y. - In Addition, THE NEXT NOTE FROM THIS SHEET \$10 OBV. & REV. Accompanies This Note - BOTH NOTES HAVE INVERTED REVERSES WHICH SHOWS HOW THIS ERROR CAME ABOUT - Evidently a Sheet Of 3 \$10 and One \$20 (the way these came printed) Was Picked Up For Inspection And Then Accidentally Turned Around When Replacing It On The Pile Before The Other Side Was Printed - Therefore, One \$10 OBV./\$20 REV., One \$20 OBV./\$10 REV. & 2 \$10 NOTES WITH INVERTED REVERSES WOULD BE PRINTED—A UNIQUE PAIR—2 pcs. Fine-V.F. 4,000.00". The owner paid \$3,000 at that sale, nearly 10 YEARS AGO! Probably now worth over	7,500.00
------	--	----------

1882 FIVE DOLLARS "ERROR NOTE"

734.	\$5 F-574, 1882 FIVE DOLLARS reverse, Citizens of Cincinnati, Ohio, reverse printed slightly off-center, new, crisp except evidence of faint crease. Acquired 1963 as "ERROR, Obverse 1882 BROWN BACK with obligation "SECURED BY UNITED STATES BONDS DEPOSITED WITH THE TREASURER OF THE UNITED STATES" in place of obligation for denomination backs of "OR OTHER SECURITIES" below above issue obligation (the reason for this Emergency Issue)." Some authorities classify this as a separate "TYPE" note with a different obligation entitled to a separate listing as the Fourth Type of the 1882 series of Nationals. As such, it would be an "EXCESSIVELY RARE TYPE". Either way, as an "error note" or a "type note", it is EXCEEDINGLY RARE! Cost \$750 in 1963; surely this unusual rarity now worth closer to	1,250.00
------	---	----------

\$100 NOTE ENGRAVED ON CIGARETTE HOLDER

735.	Acquired 1962 as: "1928-A Federal Reserve Note obverse engraved on front and reverse engraved on back, solid silver (\$100.00)." Present value possibly now closer to	150.00

TRANSITIONAL COINS

Collection based upon the list published in the March 9, 1961 Coin World. These are also included in Dr. Judd's book on Patterns. They form a small but important category and are quite popular. In fact, the Guidebook includes some as "regular issues".

736. 1c 1856, J-180, Flying Eagle, Obverse and reverse as adopted in 1857, lovely bluish olive PROOF. Listed in 1961, (above listing) at \$1,000 and in 1965 (Judd) at 3,000.00
737. 1c 1858, J-191, Flying Eagle, regular die of year with small letters; reverse laurel wreath as adopted in 1859, GLITTERING GOLDEN PROOF. ONLY 50 STRUCK A CENTURY AGO! Actually, much rarer than the above 1856 flying eagle which is included in the Guidebook as a "regular issue". Listed in 1961 at \$475 but have since seen it at 600.00
738. 1c 1858, J-213, Indian head as adopted in 1859; regular reverse as used on Flying Eagle cents, GLITTERING GOLDEN PROOF. SELDOM OFFERED! Listed in 1961 at \$475; but have since seen it at 650.00
739. 1c 1858, J-208, Indian Cent, obverse and reverse exact type of 1859, golden PROOF. Listed in 1961 at \$475 with "Records as high as 600.00"
740. \$1 1859, J-228, Indian Cent, obverse of 1859 as adopted; reverse with oak wreath and shield as adopted in 1860, golden PROOF. Listed in 1961 at 360.00
741. 1c 1861, J-274, Regular dies and thickness of normal copper-nickel planchet but STRUCK IN COPPER, faint rub. ONLY 2 OR 3 STRUCK. Acquired as "POSSIBLY UNIQUE". While not included in the original list of "Transitionals", the owner felt that this was an attempt to change from the costly hard-to-strike copper-nickel to the less expensive more easily struck (dies would last longer) copper (as later adopted with a thinner planchet). NOT PRICED DUE TO ITS GREAT RARITY! Acquired 1963 at \$750; possibly now worth 1,000.00
742. 1c 1863, J-299, Indian Cent struck on a thin bronze planchet as adopted in 1864. No "L" on ribbon. INVERTED REVERSE. GLITTERING RED AND BLuish PROOF. Listed in 1961 at \$225; advanced in 1965 to \$500 and we have since seen it at 600.00
743. 1c 1863, J-302, Indian Cent WITH "L" ON RIBBON as adopted late in 1864, regular copper-nickel, bluish golden PROOF. ONE OF THE RAREST OF ALL THE TRANSITIONALS! "LESS THAN HALF A DOZEN SAID TO HAVE BEEN STRUCK"! Listed in 1961 at \$3,000.00; probably now worth over 3,500.00
744. 1c 1864, J?, Acquired as "1864 Copper-Nickel Cent without "L" but thin planchet as struck later in the same year". GLITTERING RED AND GOLDEN PROOF. Acquired 1963 at \$1,000.00. While "ordinary" 1864 bronze proof cents catalog \$775, choice specimens such as this are over 1,000.00
745. 1c 1864, In a New Netherlands envelope marked, "1864 1c TRANSITIONAL PATTERN, BRONZE, THICK FLAN, NO "L", wgt. 73½ Grains. NOT IN AW. ANS 1914 CAT. # 459C, Page 101. GLITTERING RED AND BLUE PROOF WITH BROAD "SQUARE" EDGE. A lovely specimen of this remarkable coin. Acquired 1966 when it was valued 2,500.00
746. 2c 1863, J-318, Exact type of 1864 Large Motto, struck in aluminum. PROOF. ONLY 2 OR 3 STRUCK! The 1961 listing states 40 bronze were struck and values that at \$700; surely this GREAT RARITY worth over 1,000.00
747. 2c 1864, J-371, Regular Large Motto dies but struck in COPPER-NICKEL, the same as the copper-nickel cents of early 1864, golden olive PROOF. ONLY "ABOUT HALF A DOZEN OR SO" SAID TO HAVE BEEN STRUCK! Acquired 1963 at 250.00

TRANSITIONAL COINS (Cont.)

748. 5c 1865, J-417, Shield nickel with rays, EXACT TYPE OF 1866, struck in copper BRILLIANT GEM PROOF WITH WIRE EDGE! "ABOUT 15 SAID TO BE KNOWN". The 1961 listing lists only 9 or 10 KNOWN of the similar piece struck in nickel and states, "Lot No. 2144 in the 1959 A.N.A. sale sold for \$1400. Another piece was recently sold privately for \$2,500.00." The copper specimen probably now worth around 500.00
749. 5c 1866, J-507, Shield nickel without rays as adopted in 1867, bluish golden PROOF. The 1961 list states, "9 TO 12 PIECES KNOWN" and prices it \$1,250; have seen a specimen since at 1,750.00
750. 5c 1866, J-508, Similar but struck in copper, glittering red and bluish PROOF. 500.00
751. 5c 1882, J-1690, EXACT TYPE OF 1883 WITHOUT "CENTS", BRILLIANT PROOF! The extreme popularity is reflected by the rapid rise in value. Around a decade ago a specimen was displayed at one of the leading conventions. The collector placed the specimen by itself in a large display case and "wrote it up" calling it "THE RAREST LIBERTY HEAD NICKEL NEXT TO THE 1913!" He won a prize at the show and we (as well as other dealers) have been receiving want lists for this since. At that time a specimen (when available) could be obtained for around \$250; by 1961 the asking price had advanced to \$2,500.00. The June 15, 1962 Coin World carried an ad by a leading Eastern dealer asking a price of \$9,250.00 (same ad also appeared in November, 1962 Numismatist). The present owner acquired this choice specimen at that time (late 1962) at \$3,750.00. Since that time, the popularity of this coin has abated some. We have heard that a specimen was supposed to have changed hands at \$2,500 but have not been able to verify this. We note an increasing interest again in this coin and believe the market will again shortly be near its cost of 3,750.00
752. 5c 1883, J-1717, Similar to above but with "CENTS" added in small letters across the large "V" on reverse, BRILLIANT PROOF. While not strictly a "Transitional", it does not have a great deal of interest. The "No CENTS" nickel originally issued was soon gold-plated and passed as a \$5 gold piece. The contemplated simple addition of "CENTS" as on this design seems a logical solution but instead the more intricate change was adopted. Acquired 1963 at 750.00
753. Half Dime 1860, J-267, Obverse type of 1859, reverse of 1860, golden Prooflike GEM! Sometimes called "THE COIN WITHOUT A COUNTRY" as "United States Of America" does not appear upon it. Another adopted as a "regular coin" and included in the Guidebook at \$800 for an ordinary unc. specimen; surely this remarkably choice one worth well over 1,000.00
754. 25c 1863, J-335, Type adopted in 1866 with Motto "In God We Trust," GLITTERING BLUISH GOLDEN GEM PROOF! Acquired 1963 as "similar in rarity to the famous transitional 1865 type 1866 which recently sold for \$1,500.00." Cost then (1963) 860.00
755. 25c 1863, J-337, Similar to above but struck in aluminum, BRILLIANT GEM PROOF! Same rarity as the above silver but not as popular. Acquired 1962 at 495.00
756. 25c 1864, J-386, Type adopted in 1866 with Motto "In God We Trust", BRILLIANT GEM PROOF! Acquired 1963 as "similar in rarity to the famous transitional 1865 type 1866 which recently sold for \$1,500.00." Cost then (1963) 950.00
757. 25c 1864, J-388, Similar to above but struck in aluminum, BRILLIANT GEM PROOF. ONLY 2 OR 3 STRUCK! Acquired 1962 at 795.00
758. 25c 1865, J-425, Type adopted in 1866 with Motto "IN GOD WE TRUST", BRILLIANT GEM PROOF! Very popular indeed! Probably because the 1866 type 1865 without motto (J-536) realized \$24,500.00 in 1961 at a public sale and is included in the Guidebook as a "regular" coin. This 1865 "Transitional" acquired 1964 at 2,500.00

759. 25c 1865, J-426, Similar to above but struck in copper, bluish PROOF with tiny carbon spot. Acquired 1962 at 695.00
760. 50c 1836, J-57, Type adopted in 1837, reeded edge, Uncirculated bluish golden. Included in the Guidebook as a "regular" coin and valued there 325.00
761. 50c Another but bluish PROOFLIKE surface acquired 1965 as a full proof at \$1000.00. After studying this coin under a strong glass, we cannot quite accept it as a full proof. Probably struck from the dies which struck proofs after they were finished striking the few proofs. The dies still retained their polish but this specimen does not have the full "depth" of proof surface generally associated with proofs. The last full proof to be offered realized \$1,900; we believe this specimen worth around 750.00
- ✓ 762. 50c 1863, J-342, Type adopted in 1866 with Motto "In God We Trust", BRILLIANT GEM PROOF! Acquired 1963 as "similar in rarity to the famous transitional 1865 type 1866 which recently sold for \$1,650.00." Cost then (1963) 960.00
763. 50c 1863, J-344, Similar to above but struck in aluminum, BRILLIANT GEM PROOF! Same rarity as the above silver but not as popular. Acquired 1962 at 495.00
764. 50c 1864, J-391, Type adopted in 1866 with Motto "In God We Trust", BRILLIANT SLIGHTLY GOLDEN GEM PROOF! Acquired 1963 as "similar in rarity to the famous transitional 1865 type 1866 which recently sold for \$1,650.00." Cost then (1963) 1,075.00

765. 50c 1865, J-429, Type adopted in 1866 with Motto "IN GOD WE TRUST", BRILLIANT GEM PROOF! Very popular indeed. Probably because the 1866 type 1865 without motto (J-538) realized \$15,500.00 in 1961 at a public sale and is included in the Guidebook as a "regular" coin. This 1865 "Transitional" acquired 1964 at 2,750.00

766. \$1 1836, J-60, The famous FLYING EAGLE design of C. Gobrecht (name on base) Without stars obverse and with stars reverse, GLITTERING BLUISH GOLDEN PROOF. While not a true transitional, it is generally included since it was placed into circulation as was the 1836 50c, 1856 flying eagle 1c, etc. Included in the Guidebook as a "regular" coin and valued there 1,900.00

767. \$1 1839, J-104, Similar but name of designer left off, 13 stars added to obverse and stars deleted from reverse. GLITTERING BLUISH GOLDEN PROOF. Included in Guidebook as a "regular" coin and valued there 3,750.00

768. \$1 1863, J-275, Type adopted in 1866 with Motto "In God We Trust", BRILLIANT SLIGHTLY BLUISH PROOF! Acquired 1963 as "similar in rarity to the famous transitional 1865 type 1866 which recently sold for \$1,975.00" Cost then (1963) 1,250.00
769. \$1 1864 J-397, Type adopted in 1866 with Motto "In God We Trust", struck in copper, GLITTERING RED AND BLUISH PROOF! Acquired 1962 at 550.00

770. \$1 1865 J-434, Type adopted in 1866 with Motto "In God We Trust", BRILLIANT GEM PROOF! Very popular indeed! Probably because the 1866 type 1865 without motto (J-540) of which two are known realized \$15,000.00 in a public sale and is included in the Guidebook as a "regular" coin. This 1865 "Transitional" acquired 1964 at 3,500.00

771. \$1 1865, J-435, Similar to above but struck in copper, GLITTERING BLUE PROOF which at first glance gives it the appearance of being silver. Acquired 1962 at 1,250.00

TRANSITIONAL GOLD COINS

772. \$5 1865, J-446, Type adopted in 1866 with Motto "In God We Trust", struck in copper (only 2 gold known) therefore only the copper is obtainable, GLITTERING RED AND BLUISH PROOF! Acquired 1964 at 495.00

Consignment E — Wyoming

HALF CENTS

775.	1793 Basically extremely fine but eroded surface as typical of so many. Probably worth very fine price of	1,100.00
776.	1794 G-3A, Virtually Uncirculated, only barest friction on high point. Very Rare variety and Extremely Rare die state. Acquired 1963 at \$1,250.00. Far superior to the Brobston specimen who spent a lifetime assembling the finest collection of half cents ever sold. It is difficult to place a current value on this remarkable rarity; surely it should realize well over	1,500.00
777.	1795 G-5, Plain Edge, No Pole, UNCIRCULATED LUSTROUS STEEL COLOR, struck on typical porous planchet. Acquired several years ago as "Condition Census, Superior To Brobston Coin". It again changed hands in late 1965 at	1,500.00
778.	1795 G-3, Lettered Edge, PUNCTUATED DATE, very fine altho hair not struck up as sharply as balance of coin. SCARCE. Catalogs	260.00
779.	1796 POLE TO CAP, acquired from November, 1965 Numismatic Scrapbook ad as "Extremely Fine," attractive blended blue and brown color. RAREST DATE HALF CENT. Cost then (1965) \$7,750.00; probably now worth more.

SMALL SIZE FEDERAL RESERVE BANK NOTES

An EMERGENCY ISSUE authorized during the "BANK HOLIDAY" of March 5-12, 1933! The printing was "rushed thru" by March 11th, 1933 by using the frames of the 1929 National Bank Notes. The last notes were delivered Dec. 21, 1933! ONE OF THE SHORTEST OF ALL SERIES; IN ADDITION TO BEING ISSUED AT THE BOTTOM OF THE "GREAT DEPRESSION". Much more elusive than generally known.

\$5 TYPE I FEDERALS, 1928 — NUMBER IN SEAL — "GOLD"

The new Donlon catalog reflects the increased interest in this long-neglected series. There are a number of "greatly undervalued" notes represented as we do not know of any dealer who has any extensive stock, particularly in choice condition. Very few were laid-away during "gold period" prior to 1934 series. We believe this series offers excellent potential for future increased values.

1776 CONTINENTAL CONGRESS — FIRST U.S. \$1

1698.	1776 CONTINENTAL CURRENCY around FUGIO and sun-dial, rev. chain with 13 links and name of each 13 colonies on a link surrounding AMERICAN CONGRESS. WE ARE ONE. A choice specimen showing only barest friction, 2 pinpoint nicks (characteristic imperfections of these soft powder coins). THE FIRST U.S. AUTHORIZED COIN, struck in Philadelphia. Leading authorities believe these circulated, as servicewear such as forks and spoons were made from pewter and gave a reasonable amount of wear. RARE.	1,000.00
-------	--	----------

1794 DOLLAR — FIRST YEAR REGULAR DOLLAR

1699.	1794 Very good. Bolender states in his book "THE U.S. EARLY SILVER DOLLARS FROM 1794 TO 1803", "Only one pair of dies was used in striking the silver dollars in 1794. ONLY 1758 PIECES WERE COINED. Usually found with the impression weak on lower part of date and the stars on left, and sometimes the border milling on left does not show up. The corresponding portion of reverse, especially the word STATES, will therefore also appear weak." This is the typical impression he describes. It is basically very good with strong LIBERTY and bust but as Bolender states, the lower part of date and some stars on left are weakly struck. The corresponding portion of the reverse (top of the word STATES)also appears weak struck, tiny nick below bust. VERY RARE. The last specimen to be offered was in the Shuford collection (mail-bid sale by Kosoff May 14, 1968) described "PROBABLY LESS THAN 2 DOZEN SURVIVED". That specimen also had the "characteristic weakness in the striking of the left side. The reverse has an unusual number of adjustment marks. Very Fine 25. Very rare." That specimen realized \$4,000.00. This very good specimen (fortunately free of the mint-adjustment marks which so frequently plague this date) catalogs	2,100.00

SILVER DOLLARS — FLOWING HAIR TYPE 1794-95

- | | | |
|-------|---|--------|
| 1700. | 1795 B-5, 3 Leaves beneath each wing, about extremely fine. RARE. | 600.00 |
| 1701. | 1795 B-9, 2 Leaves, variety with re-engraved 5, extremely fine. RARE! | 750.00 |

SILVER DOLLARS — DRAPED BUST SMALL EAGLE 15 *(STATES) 1795-96

- | | | |
|-------|--|----------|
| 1702. | 1795 B-15a, Variety with properly centered bust, PROOFLIKE but close inspection reveals the barest trace rubbing on eagle's breast and wing tips. RARE SO CHOICE! Easily worth | 2,000.00 |
| 1703. | 1796 B-4a, Small date and Large Letters, about very fine. EXTREMELY RARE VARIETY. Mr. Bolender states he knew of only one specimen at the time he wrote his book in 1950. This could either be that one or one discovered since then, we cannot tell from his description. EXCESSIVELY RARE! Acquired 7 years ago when it was valued \$500; since values have more than doubled since, it should now be worth over | 1,000.00 |
| 1704. | 1796 B-5, LARGE DATE, small letters, variety DOTTED "I" IN AMERICA, near uncirculated with luster. A choice specimen of this scarce variety. RARE SO CHOICE! Should realize very close to the catalog value for unc. of | 1,200.00 |
| 1705. | 1796 B-1, Small date, small letters, extremely fine with soft-struck center typical of this variety. RARE! Seldom offered and undervalued in keeping with its true rarity. | 700.00 |

SILVER DOLLAR 16* (NEW STATE) 9X7 STARS, SMALL EAGLE

- | | | |
|-------|---|--------|
| 1706. | 1797 B-1, 9X7 Stars, (Tennessee became 16th state) Large Letters, small eagle, extremely fine with typical shallow struck center (which appears closer to very fine). THE SMALLEST ISSUE BY FAR FOR ANY DATE 1795-1803! A glance at the coinage will quickly reveal that the total coinage for the year 1797 IS LESS THAN ONE-FIFTH THAT OF ANY YEAR 1795-1803! RARE. | 600.00 |
|-------|---|--------|

SILVER DOLLAR 10X6 STARS PLACEMENT 1797, SMALL EAGLE

- | | | |
|-------|---|----------|
| 1707. | 1797 B-3, 10X6 Stars, small eagle, UNCIRCULATED bluish golden patina, faint rub. ONLY HALF THE COINAGE OF THE 9X7 VARIETY! Probably the most undervalued of all the major varieties 1795-1803! Easily worth | 1,500.00 |
|-------|---|----------|

SILVER DOLLAR 15*, SMALL EAGLE

- | | | |
|-------|--|--------|
| 1708. | 1798 B 2, TYPE 1796 WITH 15 STARS, SMALL EAGLE, SMALL LETTERS, extremely fine with characteristic light struck eagle's breast as typical of all specimens we have seen in our thirty-five years as professional numismatists. VERY RARE, particularly in grades over fine. | 750.00 |
|-------|--|--------|

SILVER DOLLAR 13*, SMALL EAGLE

- | | | |
|-------|--|--|
| 1709. | 1798 B-1, 13 STARS (it was soon realized that it would be impractical to add a star for each new state) LARGE LETTERS, obverse very good and sharp, reverse fine; unfortunately, the coin was holed at one time but now has been repaired. Catalogs v.g. \$175 and fine \$240; what this specimen will bring, your opinion would be as good as ours. | |

SILVER DOLLARS 7X6 STARS, LARGE EAGLE, 13* REVERSE 1798-1803

- | | | |
|-------|--|----------|
| 1710. | 1798 B-9, Close date, 12 arrows, UNCIRCULATED WITH LOVELY BLUISH PATINA, SHARP STARS, die beginning to fail at UNU of UNUM, FULL SERRATED BORDER BOTH SIDES! Undoubtedly CONDITION CENSUS for this RARE VARIETY (Rarity 4). The demand for choice specimens such as this has been very strong. We note an ad by Kreisberg on page 1190 of the August, 1968 Numismatic Scrapbook offering the 1802 B-6 (rarity 1, one of the "commonest" — if any of these early dollars can today be said to be common) in Brilliant Uncirculated at \$1,250.00. Certainly this many times rarer variety and date should be worth over | 1,500.00 |

SILVER DOLLARS 7X6 STARS, LARGE EAGLE, 13* REVERSE 1798-1803
(Continued)

1711.	1798 B-23a, Very Wide Date, 8 touches bust, rare variety with second curl from bottom defective, near Uncirculated. RARE (Rarity 4).	600.00
1712.	1798 B-6, KNOB 9, UNCIRCULATED with pleasing bluish golden patina, slight rub on high point of collar. Only 10 perfect arrows and 2 sticks, RARE (Rarity 3). Catalogs much too low at only	750.00

1714.	1798 B-30a. Close Date, HIGH 8, many interesting reverse die breaks with heavy die break thru first A in AMERICA, very fine, typical strike with center not as fully struck up resulting in bust and eagle grading closer to fine. Bolender states, "EXTREMELY RARE". Acquired 5 years ago when it was valued \$400; this Great Rarity probably now worth closer to	600.00
1715.	1799 OVER 98, B-1, 13 Stars reverse, extremely fine obverse with some luster, the reverse appears to be very close indeed to "Uncirculated". VERY RARE (Rarity 5). Easily worth	500.00

1718.	1799 B-17a, EXTRA LARGE BERRIES, UNCIRCULATED WITH PLEASING GOLDEN PATINA. RARE VARIETY. VERY RARE CONDITION! Much rarer than the 1802 B-6 advertised (see lot 1710) at	1,250.00
1719.	1800 B-11, AMERICA I variety, VIRTUALLY UNCIRCULATED, ONLY BAR-EST FRICTION, LOVELY BLUISH GOLDEN PATINA. Bolender states, "EXCESSIVELY RARE VARIETY. IT TOOK ME 35 YEARS TO FIND A SPECIMEN!" The owner considered this coin as the "prize" of his early dollars and valued it	2,000.00
1720.	1800 B-17, ONLY 12 ARROWS, very fine. Catalogs	190.00
1721.	1800 B-16, DOUBLE CUT "T" in UNITED, Uncirculated, tiny nick on cheek. RARE.	750.00

1723.	1800 B-14a, DOTTED DATE, all the die breaks described by Bolender EXCEPT the light breaks in the first three stars, extremely fine. RARE (Rarity 3).	325.00
1724.	1801 B-2a, ONLY 12 ARROWS, very fine and sharp obverse bordering on extremely fine, reverse near Uncirculated. VERY RARE. Similar to B-2 but without suction marks at date and only slight "pocket" at neck. Bolender lists B-2 as Rarity 4 but does not list this sub variety.	300.00
1725.	1801 B-4, Close Date, 13 arrows, near Uncirculated, nice luster. VERY RARE (Rarity 5).	600.00
1726.	1802 OVER 1, B-3a, Wide Overdate, bifurcated letters (particularly obverse), die break from cloud below last "S" in STATES to top of "O" in OF, UNCIRCULATED WITH PROOFLIKE SURFACE, golden patina, light rubbing. Bolender lists B-3 as RARE (Rarity 3) therefore this sub variety must be VERY RARE or EXTREMELY RARE. Certainly much rarer than the 1802 B-6 (rarity 1) advertised in "Brilliant Uncirculated" by Kreisberg in the August 1968 (page 1190) Numismatic Scrapbook at	1,250.00
1727.	1802 B-6, Close Perfect Date, BRILLIANT UNCIRCULATED. VERY RARE SO CHOICE! Comparable to the similar specimen advertised by Kreisberg in the August, 1968 (page 1190) Numismatic Scrapbook at	1,250.00
1728.	1803 B-4a, SMALL 3, Variety with bottom of 3 re-engraved, extremely fine. ONLY 12 ARROWS. Bolender lists B-4 as RARE (rarity 3) therefore this sub variety must be VERY RARE.	350.00
1729.	1803 B-6 Large 3, near Uncirculated. Catalogs unc.	650.00

SILVER DOLLARS 13* OBVERSE, 15* REVERSE, 1799

- | | | |
|-------|---|----------|
| 1730. | 1799 OVER 98, B-3a, 15 STARS REVERSE, actually an ERROR DIE which the engraver tried to "hide" by engraving clouds over the first and last stars (however the points of the stars "peep-out" from the clouds). Variety with heavily bifurcated reverse letters and heavier die breaks, as well as additional breaks. UNCIRCULATED WITH NEEDLE-SHARP STARS, golden patina, cheek and top hair strand show faint rubbing. Bolender lists B-3 as VERY RARE (Rarity 5) therefore this sub variety must be EXTREMELY RARE. In addition, there is a strong demand for it as a "type" coin. Undoubtedly CONDITION CENSUS IN THIS REMARKABLE CONDITION! Easily worth over | 1,250.00 |
| 1731. | 1799 B-4, Perfect Irregular Date, 15 STARS Reverse (actually, same reverse die as used for the above) shattered obverse die with many interesting die breaks (which accounts for the limited issue from this die) fine obverse, reverse closer to very fine. VERY RARE. SELDOM OFFERED! Easily worth | 225.00 |

SWEDISH PLATE MONEY 2, 4 DALLAR 1712-44

One of the most unusual forms of "Odd And Curious" monies of the world. When the price of copper rose, the majority were melted for their copper value.
